

Alumni@CM Karlsruhe 2018 Activities

05.04.2018 – Thursday Nighttime Activity Package (*Welcome Dinner @ Toros TapasBar, International Night, Afterparty*)

To welcome you all in Karlsruhe we will meet at a nice Tapas bar in the center of the city. After dinner you will join the participants for International Night. There is probably no need to say much about international night: Bring food and drinks from your country, wear your pretties local group hoddies or traditional cloths and celebrate the evening together with the other ESTIEMers.

06.04.2018 – Friday Daytime Activity Package (*Lunch @ MultiKulti, Activities: Option 1 – Construction Site Visit, Option 2 – Campus Tour*)

Friday morning is reserved for the working groups together with the ESTIEMers. Do not miss it!! After that you all meet again for lunch in a restaurant close to university.

In the afternoon we offer two interesting activities. You can select your preferred activity in the registration form. As soon as we know how many of you want to join the activities, we provide you with further information.

1-Subway Constructions in Karlsruhe

Option 1 - Visit the construction site of the currently constructed subway in Karlsruhe. Everyone who visited Karlsruhe in the last couple of years experienced a city full of constructions sites. The constructions are supposed to be done in 2020. The city offers a guided tour through the tunnels where you can get an impression on how subway tunnels with a diameter of 9 meters right below the main shopping street is being built.

Option 2 - Tour to our second university campus. Campus north is located 12 km away from the main campus and offers space for many largescale research projects. At the campus, they do research among others on the bioliq® process, which is a process to produce synthetic fuel from straw and other biomass feedstocks. You will also see the Aerosol research facility AIDA, and the research department for lithium-ion batteries (for stationary and mobile applications).

06.04.2018 – Friday Nighttime Activity Package (*Flunkyball, Dinner and German Evening*)

Before dinner, you will have the chance to compete in the most popular outdoor game in Karlsruhe. It includes beer, an onion and a bottle of water – Flunkyball. For the German Evening, we invited some special guests. The “KampusKApelle” is a brass band that already joined quite a few German Evenings in Karlsruhe. Besides a nice dinner in German atmosphere, there will also be time for some dancing and a lot of singing.

07.04.2018 – Saturday Daytime Activity Package (*Activities: Option 1 – Brewery Visit, Option 2 – Outdoor Lasertag, Lunch @ Mauritius*)

Option 1 - Brewery visit. The Hoepfner brewery is located right in the city center of Karlsruhe. You will be guided through the production site and get a glimpse of the logistics necessary to bring the beer to everyone of you. After the tour, you can try all the nice beers that they offer.

Option 2 - Outdoor lasertag. Probably most of you already know lasertag. Usually the game can be played in specially equipped dark rooms. We will take the equipment outside and use one of the parks as a playing field for some nice lasertag matches. Its supposed to be the perfect team activity for a nice spring morning in Karlsruhe.

2-Brewery Hoepfner in Karlsruhe

Saturday afternoon is then reserved for the general assembly with the final voting for the e.g. the upcoming ESTIEM board.

07.04.2018 – Saturday Nighttime Activity Package (*Galadinner and Afterparty*)

As the highlight of the weekend and the CM, we will all meet for the Galadinner. Bring your suits and fancy dresses! 😊

08.04.2018 – Sunday Daytime Activity Package (*Cliché German Breakfast*)

Before saying goodbye, you will have the chance to round up the weekend with a late (!) and relaxed breakfast.

We are looking forward to having you here in Karlsruhe!! 😊 More detailed information will be announced after the registration. If you have any questions, please contact: alumni@cm-karlsruhe.org
